

## tesa® Ultra Power Clear Repairing Tape - 56496, 56497

tesa® Ultra Power Clear Repairing Tape is a special-purpose tape that, due to its transparency, allows for unobtrusive repairs. Its strong adhesive makes it stick to various surfaces, including slightly rough ones. The tape is hand-tearable and thick, making it ideal for quick and lasting repairs. The tape is a great choice under extreme weather conditions due to its UV- and temperature resistance.

### Main Application

- Ideal for patching large holes, cracks, gaps and tears
- Ideal for invisible repairs on transparent plastic material
- To fix cracks in glass
- Sticks also on slightly rough and textile surfaces

### Technical Data & Properties

<b>Dimensions</b>	10 m x 48 mm; 20 m x 48 mm
<b>Backing</b>	Polyethylene
<b>Total thickness</b>	170 µm
<b>Adhesive</b>	Synthetic rubber
<b>Adhesion to steel</b>	8.5 N/cm
<b>Adhesion to glass</b>	10.0 N/cm
<b>Adhesion to PE</b>	5.0 N/cm
<b>Adhesion to PVC</b>	5.5 N/cm
<b>Elongation at break</b>	100%
<b>Tensile strength</b>	35 N/cm
<b>Temperature resistance (short term)</b>	Min. -10 °C; Max. +90 °C
<b>UV-Resistance</b>	6 months
