

tesa® Ultra Power Extreme Repairing Tape - 56622, 56623

tesa® Ultra Power Extreme Repairing Tape is a multi-purpose repairing tape with a high tensile strength and very strong adhesion to almost any surface, even rough ones. It provides a remarkable ease of use due to its flexibility. The tape is a great choice under extreme weather conditions due to its UV- and temperature resistance.

Main Application

- Ideal for patching large holes, cracks, gaps and tears
- Ideal for repairing broken parts
- To repair small damages on bumpers

Technical Data & Properties

Dimensions	10 m x 50 mm; 25 m x 50 mm
Backing	PET-cloth laminated with Polyethylene-film
Total thickness	420 µm
Adhesive	Natural rubber
Adhesion to steel	11.0 N/cm
Adhesion to glass	10.0 N/cm
Adhesion to PE	6.0 N/cm
Adhesion to PVC	7.5 N/cm
Elongation at break	20 %
Tensile strength	60 N/cm
Temperature resistance (Short-term)	min. -15 °C; max. +90 °C
